Hurley Write, INC.

"Exceptional Technical Writing" Online Course

In our fun, interactive courses, participants learn how to effectively apply their critical thinking and problem-solving skills to create strategies that will result in clear, concise, targeted documents.

The six modules of this writing course teach the basics of clear, succinct writing, including how to avoid wordiness, write targeted documents for specific readers, how to write the various sections of technical reports, and how to construct effective editing and proofreading strategies. Each module takes roughly 30 minutes to complete.
